

# Online Resources

Our team of speech and occupational therapists have compiled a list of useful websites to support your child's learning from home.

We hope your children enjoy these fun, engaging and educational websites.

# Language, Literacy & Numeracy Websites

- **Sunshine Classics Online** - Check out this site and register to receive a free trial to access over 310 levelled 3-books and their associated activities.

<https://www.sunshineclassics.com.au/parentFreeTrial.php>

- **Teach Your Monster To Read** - Check out this website to help kickstart your child's reading and have them engage in phonics with a fun game. Ipad & computer versions are available (computer version is free).

<https://www.teachyourmonstertoread.com/>

- **Little Birdie Books** - Follow their social media pages to watch their virtual book readings and activities.

<https://littlebirdiebooks.com.au/>

- **Mathletics** - Try out this great mathematics website for children of all school ages. Your child can play games, have live challenges, create their own avatars and receive achievement certificates. It is also aligned with the curriculum.

<https://www.mathletics.com/au/for-home/>

# Language, Literacy & Numeracy Websites

- **Splash Learn** - A fun online maths website filled with games for your children from prep to grade 5.  
<https://www.splashlearn.com/>
- **Multiplication.com** - This website is filled with games to help your child remember their times tables.  
<https://www.multiplication.com/>
- **For Teachers For Students** - Free access to themed curriculum resources for children in all levels of primary school.  
<https://www.forteachersforstudents.com.au/site/>
- **Sunshine Online** - This website's activities support children's literacy and numeracy skills through fun and educational games.  
<https://www.sunshineonline.com.au/parents.php>

# Science Websites

- **Street Science** - Follow this great team on Facebook and through their website for exciting and educational experiments in the world of science.  
<https://www.streetscience.com.au/>
- **National Geographic Kids** - This is the perfect website for kids who love animals, nature and geography. There are amazing animal videos, quizzes, games, craft and educational books to read.  
<https://kids.nationalgeographic.com/>
- **Georgia Aquarium** - Check out this great website. Click on the programs tab and you will find animal web cams, sealife storytimes, educational resources and activities to keep your children busy.  
<https://www.georgiaaquarium.org/>

# Art, Craft & Puzzle Websites

- **Art For Kids Hub** - Head on over to the youtube channel for some easy and fun drawing classes for your kids involving their favourite characters from tv and movies.  
<https://www.artforkidshub.com/>
- **Crayola** - This is a great website with free and fun craft activities and free colouring in pages. There is plenty here to keep your child entertained.  
<https://www.crayola.com/crafts/>
- **Disney Junior & Nick Jr** - Kids who love Disney will love this fun website which is filled with colouring and puzzles for your little ones to enjoy.  
<http://disneyjunior.disney.com.au/activities>  
<http://www.nickjr.com.au/>
- **Gruffalo** - Check out The Gruffalo website for free downloadable activities your kids can do based on Julia Donaldson's wonderful books. You can also join in with her sing-a-longs. The Gruffalo facebook page is also filled with games and stories and activities.  
<https://www.gruffalo.com/>

# Gross Motor Websites

- **Cosmic Kids Yoga** - A great program for kids to follow to relax and release stress.  
<https://www.cosmickids.com/>
- **P.E. With Joe** - You can find these fun kids workouts on youtube. They are great for getting kids active and working on their gross motor skills.
- **Group Hiit** - This website provides free kids workouts. Choose your workout level and music to go along with your workout and have fun.  
<https://www.grouphiit.com/collections/free-kids-workouts>

Contact our client care team and therapists if you would like more information and access to free printable resources for your family.

We would be happy to help.

Parental supervision is advised on all websites and youtube.
