Speech Pathology Week 23-29 August 2020

This year's theme is: **Communicating With Confidence!**

The team at Cooee Speech Pathology are passionate about helping children reach their full developmental potential in a happy, nurturing environment. We want kids to feel confident and safe, and provide them with the tools and skills to achieve the best results.

Speech Pathology Week seeks to highlight the work that speech pathologists do to assist the more than 1.2 million Australians who experience communication difficulties.

At Cooee Speech Pathology we believe communication is a basic human right for every person. Communication is a key aspect of daily life, and our team is dedicated to giving children of all ages the ability to express themselves and communicate with confidence.

We look forward to celebrating Speech Pathology Week this August with you all!

COVID SAFE APP

To assist us in the safe reopening of the clinic we would strongly encourage you to download the government recommended COVID SAFE app to your phone. This will allow us to provide your family, others and our team the ability to notify people promptly in the event of a possible exposure to COVID-19. This is extremely important due to the high number of people attending the clinic and to help protect those most vulnerable in our community.

We thank you for your assistance.
