### COVID SAFE APP

To assist us in the safe reopening of the clinic we would strongly encourage you to download the government recommended COVID SAFE app to your phone. This will allow us to provide your family, others and our team the ability to notify people promptly in the event of a possible exposure to COVID-19. This is extremely important due to the high number of people attending the clinic and to help protect those most vulnerable in our community.

We thank you for your assistance.
