International Literacy Day

International Literacy Day (ILD) 2021 will be celebrated under the theme “**Literacy for a human-centred recovery: Narrowing the digital divide**”.

International Literacy Day highlights the importance of reading, writing and comprehension as literacy skills are the building blocks for learning. Once children have learnt to read and write they are empowered to use these skills to learn and develop further. Literacy skills, along with numeracy skills, enable children to participate fully in their education, work and communities and live life with confidence to express themselves.

How can you celebrate International Literacy Day?

- Write a book review on your favourite book
- Design your own book cover or bookmark
- Word Search
- Research your favourite author
- Donate books
- Visit the library

COVID SAFE APP

To assist us in the safe reopening of the clinic we would strongly encourage you to download the government recommended COVID SAFE app to your phone. This will allow us to provide your family, others and our team the ability to notify people promptly in the event of a possible exposure to COVID-19. This is extremely important due to the high number of people attending the clinic and to help protect those most vulnerable in our community.

We thank you for your assistance.
